114TH CONGRESS / First Session

U.S. House of Representatives and U.S. Senate

Dear Voter and Friend of the Family,

FRC Action presents our Vote Scorecard for the First Session of the 114th Congress. This online Scorecard contains a compilation of significant votes on federal legislation affecting faith, family, and freedom that FRC Action either supported or opposed.

These recorded votes span the 2015 calendar year and include the greatest number of pro-life votes in history, after the U.S. House increased its Republican membership and the U.S. Senate was returned to Republican control. The year began with a bipartisan effort in the House to prohibit federal funds from being used to pay for abortion coverage under Obamacare. Congress successfully fought to restrict FDA approval of some forms of embryo-destructive research. The House, once again, passed legislation that would prevent late abortions on 5 month old pain-capable unborn children, and although the Senate was unable to pass the bill due to the 60 vote threshold, for the first time, a majority of Senators voted in favor of the bill.

The public release of videos revealing Planned Parenthood's organ harvesting practices renewed efforts to defund this scandal-ridden organization and redirect funding towards community health centers. In an unprecedented victory, the House and Senate passed a budget reconciliation bill, the *Restoring Americans' Healthcare Freedom Reconciliation Act*, which would have eliminated a significant portion of Planned Parenthood's funding—roughly 80%— and repealed key provisions of Obamacare. This reconciliation bill is the first bill of its kind to make it to President Obama's desk. While the President vetoed this bill this year, this effort was significant in forcing the President to bear the moral responsibility to continue the forced partnership between taxpayers and Planned Parenthood, and in creating a precedent for accomplishing this with 51 votes in the Senate under a future pro-life President.

Many times, our religious freedom was called into question. The District of Columbia's Council passed the *Reproductive Health Non-Discrimination Act* which threatens religious and pro-life organizations operating according to their sincerely held beliefs. The House used its constitutional authority over the District's laws and passed a resolution disapproving this terrible ordinance. Unfortunately, the Senate did not follow suit, thus religious exercise continues to be threatened in Washington, D.C.

A major assault on both religious liberty and the family came from the Supreme Court's *Obergefell v. Hodges* ruling redefining marriage. The Senate did have votes prior to the *Obergefell* ruling which would have trumped state laws that protected marriage. FRC Action worked to defeat amendments voted on in the Senate which would have created special protections for sexual orientation and gender identity in public schools, in veterans programs and in certain anti-trafficking programs, with no protections for religious freedom. The House and Senate did see the introduction of the *First Amendment Defense Act* to prevent the federal government from discriminating against those who believe marriage is between one man and one woman. However, Congress did not act on this legislation despite the threat of *Obergefell* and federal agency action pressuring those who support natural marriage.

Other family values were often brought to the forefront of Congressional votes. The Senate passed a budget amendment to repeal the Death Tax, and the House passed a bill repealing this tax; however, this did not become law. In an effort to keep our families safe, our friends in the House voted against legalizing marijuana as medicine for veterans. They did, however, pass an FRC-opposed amendment preventing the Department of Justice from enforcing federal law making possession and distribution of marijuana illegal. Further, the education of future generations was taken seriously when the Senate passed an amendment to prohibit the federal government from coercing states into adopting Common Core standards. A similar provision was included in reauthorization of the controversial No Child Left Behind bill.

This Vote Scorecard looks at 12 votes in the House and 11 votes in the Senate for the First Session of the 114th Congress. These votes represent only a part of our effort to protect traditional pro-family policies in Washington. While Congress passed key pieces of pro-life and pro-family legislation, there remains much to be done. We encourage you to stay engaged and informed on these issues as your involvement is a great asset in the battle to preserve the American family. Together, we can defend faith, family and freedom!

Please contact the Government Affairs office of FRC Action for questions about the Scorecard.

### **HOUSE**

### 1. No Taxpayer Funding for Abortion

Offered by Chris Smith (R-N.J.) and Rep. Dan Lipinski (D-III.), H.R. 7, the No Taxpayer Funding for Abortion Act would permanently codify the Hyde Amendment across government programs preventing federal funds from paying for abortion and health care plans that include abortion coverage.

(Passed 1/22/2015, 242 yeas to 179 nays, Roll Call No. 45)

# FRC Action Supported this Bill.

### 2. Repealing Obamacare

Offered by Rep. Bradley Byrne (R-Ala.), H.R. 596 would permanently repeal the Patient Protection and Affordable Care Act (PPACA), otherwise known as Obamacare. PPACA subsidizes health plans that include coverage for elective abortion and can even pay directly for elective abortion through various programs by bypassing the Hyde amendment. It also authorizes the rationing of health care by the Independent Payment Advisory Board and undermines conscience protections.

(Passed 2/03/2015, 239 yeas to 186 nays, Roll Call No. 58)

# FRC Action Supported this Bill.

### 3. Repealing the Death Tax

Offered by Rep. Kevin Brady (R-Texas), H.R. 1105, the Death Tax Repeal Act of 2015, permanently repeals the federal death tax, a tax on the transfer of property when a family member dies that harms both families and business owners.

(Passed 4/16/2015, 240 yeas to 179 nays, Roll Call No. 161)

### FRC Action Supported this Bill.

# 4. Allowing Veterans Affairs Providers to Recommend Marijuana as Medicine

Offered by Rep. Earl Blumenauer (D-Ore.), H.Amdt. 130 to H.R. 2029, the Military Construction and Veterans Affairs Appropriations Act, would undermine the Federal government's longstanding rejection of marijuana as medicine.

(Failed 4/30/2015, 210 yeas to 213 nays, Roll Call No. 188)

# FRC Action Opposed this Amendment.

http://clerk.house.gov/evs/2015/roll188.xml

# 5. Vote Disapproving of the District of Columbia's Action Restricting Religious Liberty

Sponsored by Representative Diane Black (R-Tenn.), H.J.Res. 43 is a Disapproval Resolution disapproving of the Reproductive Health Non-Discrimination Amendment Act (RHNDA), passed by the District of Columbia (D.C.) Council that violates the basic freedom of religious and pro-life secular organizations to operate according to their sincerely held beliefs.

(Passed 4/30/2015, 228 yeas to 192 nays, Roll Call No. 194)

### FRC Action Supported this Resolution.

http://clerk.house.gov/evs/2015/roll194.xml

### 6. The Pain-Capable Unborn Child Protection Act

Offered by Rep. Trent Franks (R-Ariz.), H.R. 36, the Pain-Capable Unborn Child Protection Act would prohibit abortion nationally after 20 weeks gestation, the point at which an unborn baby possesses the ability to experience severe pain.

(Passed 5/13/2015, 242 yeas to 184 nays, Roll Call No. 233)

# FRC Action Supported this Bill.

http://clerk.house.gov/evs/2015/roll223.xml

# 7. Preventing the Department of Justice from Enforcing Federal Marijuana Laws

Offered by Rep. Dana Rohrabacher (R-Calif.), H.Amdt. 332 to H.R. 2578, the Commerce, Justice, Science and Related Agencies Appropriations Act (CJS), would restrict the Department of Justice from enforcing the Controlled Substances Act (CSA) which makes it illegal to manufacture, distribute, dispense or possess marijuana, even for purported medical use in states where it is legal.

(Passed 6/3/2015, 242 yeas to 186 nays, Roll Call No. 283)

# FRC Action Opposed this Amendment.

http://clerk.house.gov/evs/2015/roll283.xml

# 8. Protecting Seniors' Access to Medicare Act of 2015

Offered by Rep. David Roe (R-Tenn.), H.R. 1190 would repeal the provisions of the Patient Protection Affordable Care Act, otherwise known as Obamacare, related to the establishment of the Independent Payment Advisory Board (IPAB). IPAB represents the wrong way to control health care costs and will result in government healthcare rationing.

(Passed 6/23/2015, 244 yeas to 154 nays, Roll Call No. 376)

### FRC Action Supported this Bill.

# 9. Amendment to Strike Pro-Life Policy Riders for NIH and FDA

Offered by Rep. Barbara Lee (D-Calif.), H. Amdt. 658 to H.R. 6, the Century Cures Act, would strike the restrictions on funding abortion and embryo-destructive research in the Cures Act which current law already places on the National Institutes of Health and the Food and Drug Administration. The Innovation Fund in the Cures Act would bypass the annual Appropriations process, which contain restrictions on funding such research. The Cures Act applies the funding restrictions which already exist on NIH and FDA through the Labor, Health and Human Services and Agriculture Appropriations spending bills. The Lee Amendment would have removed those restrictions altogether.

(Failed 7/10/2015, 176 yeas to 240 nays, Roll Call No. 432)

### FRC Action Opposed this Amendment.

http://clerk.house.gov/evs/2015/roll432.xml

### 10. Allow States to Defund Planned Parenthood in Medicaid

Offered by Rep. Sean Duffy (R-Wis.), H.R. 3495, the Women's Public Health and Safety Act, would amend Title XIX of the Social Security Act to give permission to states to add one more criteria by which they may decide whether or not to restrict the availability of Medicaid reimbursements for certain providers based on their involvement in abortion.

(Passed 9/29/2015, 236 yeas to 193 nays, Roll Call No. 524)

### FRC Action Supported this Bill.

### 11. Continuing Appropriations Act, 2016

The FY16 Continuing Resolution (CR), H.R. 719, would continue funding for the government through December 11, 2015 at current spending levels, while continuing to fund Planned Parenthood Federation of America, the largest abortion provider in America, currently being investigated for selling unborn baby body parts.

(Passed 9/30/2015, 277 yeas to 151 nays, Roll Call No. 528) FRC Action Opposed this Bill.

# 12. Restoring Americans' Healthcare Freedom Reconciliation Act of 2015

Offered by Rep. Tom Price (R-Ga.), H.R. 3762 would for one year restrict funding under several mandatory programs such as Medicaid to certain entities that provide abortion, effectively eliminating a significant portion of federal funding for Planned Parenthood Federation of American (PPFA). It also eliminates several key pillars of the Patient Protection and Affordable Care Act through the budget reconciliation process, including the penalties for the employer and individual mandates, allowing people to forego providing or buying health plans that conflict with their consciences; and removing the Prevention and Public Health Fund, a slush fund which could be used to fund abortion.

(Passed 10/23/2015, 240 yeas to 189 nays, Roll Call No. 568) FRC Action Supported this Bill.

Offered by Sen. David Vitter (R-La.), S.Amdt. 515 to the Senate Budget Resolution (S.Con.Res. 11) would prohibit the federal government from mandating, incentivizing, or coercing states into adopting the Common Core States Standards or any other specific academic standards, instructional content, curriculum, assessments, or programs of instruction. This amendment needed 51 votes to pass.

# 2. Eliminating the Death Tax

Offered by Sen. John Thune (R-S.D.), S.Amdt. 607 to the Senate Budget Resolution (S.Con.Res. 11) would eliminate the estate tax, also known as the death tax, spurring more economic growth and job creation that leads to an increase in federal revenue from other taxes. This amendment needed 51 votes to pass.

# 3. Amendment to Trump State Marriage Laws

Offered by Senator Brian Schatz (D-Hawaii), S.Amdt. 1063 to the Senate Budget Resolution (S.Con.Res. 11) would require the federal government to ignore state marriage laws that affirm marriage between a man and a woman by bypassing the laws of a person's state of residence to determine marital status. This would have undermined the ability of voters to establish marriage policy in their state. The Obergefell ruling on June 26 redefining marriage in all 50 states made this amendment irrelevant. This amendment needed 51 votes to pass.

### 4. Runaway and Homeless Youth and Trafficking Prevention Amendment

Offered by Sen. Leahy (D-Vt.), S.Amdt. 290 to the Justice for Victims of Trafficking Act (S.178) would include sweeping so-called nondiscrimination language that would devastate faith-based entities as it applies to any program funded through the Administration for Children and Families of Health and Human Services. The amendment contained a definition of gender identity ("actual or perceived gender-related characteristics") and sexual orientation that would require special protections for some individuals at the expense of the safety and privacy of all youth served by providers. This amendment needed 60 votes to pass.

Offered by Leader McConnell (R-Ky.), H.R. 3762 as amended by the Senate would for one year restrict funding under several mandatory programs such as Medicaid to certain entities that provide abortion, effectively eliminating a significant portion of federal funding for Planned Parenthood Federation of American (PPFA). It also guts the Patient Protection and Affordable Care Act by eliminating several key pillars of through the budget reconciliation process. These include the penalties for the employer and individual mandates, allowing people to forego providing or buying health plans that conflict with their consciences; removing the Prevention and Public Health Fund, a slush fund which could be used to fund abortion; and repealing premium subsidies, which are advanceable, refundable credits, essentially direct payments for insurance premiums that include coverage for elective abortion.
