# VOTE SCORECARD

**117TH CONGRESS / SECOND SESSION**

Available at [FRCAction.org/scorecard](https://FRCAction.org/scorecard)

**U.S. HOUSE OF REPRESENTATIVES and U.S. SENATE**

Dear Voter and Friend of the Family,

FRC Action presents our Vote Scorecard for 2022, the Second Session of the 117th Congress. This scorecard contains a compilation of significant votes on federal legislation and executive nominations affecting faith, family, and freedom that FRC Action either supported or opposed. These recorded votes span the 2022 calendar year.

In the U.S. Senate, FRC Action scored 17 votes. We scored in favor of amendments ensuring religious employers are not forced to provide abortion accommodations to their employees, defining “pregnancy” in a way that acknowledges it as being unique to biological females, and ensuring the U.S. Department of Justice does not use resources to inappropriately target parents who raise concerns at local school board meetings.

We also scored against the so-called *Respect for Marriage Act*, which does much more than codify same-sex marriage into federal law. It also makes faith-based entities a greater target for frivolous litigation, threatens the tax-exempt status of entities that believe in natural marriage, and legislatively cements policy harmful to children. We also scored against legislation that redefines “sex” in a way that ignores the biological realities of men and women.

We scored against the most radical abortion bill on which the U.S. Congress has ever voted, the so-called *Women’s Health Protection Act*, which would mandate abortion-on-demand nationwide. We also scored against increasing taxes to fund healthcare plans that pay for abortion, enabling schools to become abortion providers, incentivizing public schools to insert themselves into the direct provision of health care to children (with or without parents’ involvement), a domestic terrorism prevention bill that appeared laudable on the surface but was ripe for abuse, and an appropriations bill rife with harmful language that could undermine life and the family. Finally, we scored against the confirmation of two Biden nominees who were unsuitable for their intended posts.

In the U.S. House of Representatives, FRC Action scored 20 votes and one petition. We scored against repealing longstanding pro-life policies, expanding access to chemical abortion pills, and legitimizing recreational marijuana use.

As in the Senate, we scored against the poorly named *Respect for Marriage Act* and the *Women’s Health Protection Act*, redefining “sex” in a way that ignores the biological realities of men and women, flawed domestic terrorism prevention legislation, enabling schools to become abortion providers, taxpayer funding of abortion, and a bad appropriations bill. We also scored against attempts to usurp states’ ability to protect unborn children and their mothers, and against legislation that could impair freedom of speech and religion in the military and abroad.

Finally, we scored in favor of a House petition that (if it gathered 218 signatures) would force a floor vote on legislation that would restore Title IX’s even playing field for female athletes by making it a violation of federal law for schools that receive federal funds to permit a biological male to participate in an athletic program or activity that is designated for women.

A nation’s laws both reflect and shape the culture. Standing with believers around this nation, we will continue to work for public policy that is both grounded in and supportive of the truth, enabling us to reestablish a culture in which all human life is valued, families flourish, and religious liberty thrives. Thank you for standing with us!

# 117th Congress 2nd Session Scorecard Summaries

## HOUSE

### 1. *Global Respect Act*

Sponsored by Rep. David Cicilline (D-RI), the *Global Respect Act* (H.R. 3485) would enable visa bans against foreign individuals accused of violating human rights. However, the existing *Global Magnitsky Act* (which this bill would weaken) already enables the U.S. government to issue such bans. The *Global Magnitsky Act* allows sanctions against foreign persons responsible for perpetrating human rights violations against anyone, but H.R. 3485 only targets those accused of violating “LGBT rights.” H.R. 3485 could impair freedom of speech and religion by imposing sanctions on individuals who maintain sincerely held religious beliefs about marriage or sexuality. Furthermore, H.R. 3485 could be used to sanction foreign actors that promote pro-life policies.

**(Passed 2/9/2022, 227 yeas to 206 nays, Roll Call No. 43)**

**FRC Action opposed this Bill.**

### 2. *FY 2022 Consolidated Appropriations Act*

The *FY 2022 Consolidated Appropriations Act* (H.R. 2471) contained all 12 regular appropriations bills to fund the government for the remainder of the fiscal year. Although these appropriations bills maintained all existing pro-life and pro-family policy riders, the *FY 2022 Consolidated Appropriations Act* also contained the full text of the *Violence Against Women Act Reauthorization Act of 2022*, which dilutes sex discrimination allegations by unfairly and dangerously elevating “sexual orientation” and “gender identity” to protected class status, erroneously equating these subjective categories with the immutable characteristic of biological sex.

**(Passed 3/9/2022, 260 yeas to 171 nays, Roll Call No. 66)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll066.xml>

### 3. *Forced Arbitration Injustice Repeal Act*

Sponsored by Rep. Henry Johnson (D-GA), the *Forced Arbitration Injustice Repeal Act* (FAIR Act, H.R. 963) defines the term “civil rights dispute” as a dispute arising from an alleged violation of any federal, state, or local law that prohibits discrimination. This bill picks winners and losers among discrimination allegations by unfairly and dangerously elevating “sexual orientation” and “gender identity” to protected class status, erroneously equating these subjective categories with immutable characteristics such as sex, race, age, and national origin.

**(Passed 3/17/2022, 222 yeas to 209 nays, Roll Call No. 81)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll081.xml>

### 4. *Marijuana Opportunity Reinvestment and Expungement Act*

Sponsored by Rep. Jerry Nadler (D-NY), the *Marijuana Opportunity Reinvestment and Expungement Act* (MORE Act, H.R. 3617) would de-schedule marijuana from the Controlled Substances Act, making the drug fully legal at the federal level with no federal safeguards. It also included language to dramatically increase investment in the marijuana industry.

**(Passed 4/1/2022, 220 yeas to 204 nays, Roll Call No. 107)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll107.xml>

5. **Women's Sports Discharge Petition**

Filed by Rep. Jim Banks (R-IN), this discharge petition would force a floor vote on the *Protection of Women and Girls in Sports Act of 2021* (H.R. 426) if it gathered 218 signatures. The petition was filed due to House leadership failing to consider this measure, which would restore Title IX's even playing field for female athletes by making it a violation of federal law for schools that receive federal funds to permit a biological male to participate in an athletic program or activity that is designated for women.

**(Filed on 4/26/2022, this petition has garnered 187 of the required 218 signatures so far)**

**FRC Action supported this Petition.**

6. ***Workforce Innovation and Opportunity Act***

Sponsored by Rep. Robert Scott (D-VA), the *Workforce Innovation and Opportunity Act of 2022* (H.R. 7309) would redefine "individual[s] with a barrier to employment" to include those who identify as LGBT. This would pick winners and losers among jobseekers by unfairly and dangerously elevating "sexual orientation" and "gender identity" to protected class status, erroneously equating these subjective categories with immutable characteristics such as sex, race, age, and national origin. It would also create additional barriers to participation for employers and mandate that youth employment programs include "coaching and mentoring services for employers" related to "sexual orientation" or "gender identity."

**(Passed on 5/17/2022, 220 yeas to 196 nays, Roll Call No. 193)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll193.xml>

7. ***Domestic Terrorism Prevention Act***

Sponsored by Rep. Bradley Schneider (D-IL), the *Domestic Terrorism Prevention Act* (H.R. 350) would create domestic terrorism offices across the country to "analyze and monitor domestic terrorist activity and require the federal government to take steps to prevent domestic terrorism." While this intent appears laudable, the method is ripe for abuse, is unnecessary, and builds upon a flawed hate crimes framework. The federal government already has multiple offices and resources to target all forms of terrorism, and some of these existing offices have been recently abused. In one recent example, concerned parents who raised questions at school board meetings about what their children were being taught were investigated by the U.S. Department of Justice as possible domestic terrorists.

**(Passed on 5/18/2022, 222 yeas to 203 nays, Roll Call No. 221)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll221.xml>

8. ***Financial Services Racial Equity, Inclusion, and Economic Justice Act***

Sponsored by Rep. Maxine Waters (D-CA), the *Financial Services Racial Equity, Inclusion, and Economic Justice Act* (H.R. 2543) would expressly redefine "sex" to include "sexual orientation" and "gender identity," putting women entrepreneurs at a disadvantage by unfairly elevating these subjective categories to protected class status, erroneously equating them with the immutable characteristic of biological sex.

**(Passed on 6/15/2022, 215 yeas to 207 nays, Roll Call No. 275)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll275.xml>

9. ***LGBTQI+ Data Inclusion Act***  
Sponsored by Rep. Raul Grijalva (D-AZ), the *LGBTQI+ Data Inclusion Act* (H.R. 4176) is an ideologically driven bill that would force agencies that publish reports relying on survey demographic data to erroneously equate the subjective categories of “sexual orientation” and “gender identity” with immutable characteristics such as sex, race, age, and national origin. For example, this bill would push the National Institutes of Health to ignore biology and normalize the measurement of people’s subjective and often variable experience of “gender identity.”
- (Passed on 6/23/2022, 220 yeas to 201 nays, Roll Call No. 296)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll296.xml>
10. ***Bipartisan Safer Communities Act***  
The *Bipartisan Safer Communities Act* (S.2938), putatively a response to school shootings and other violent acts, should be about protecting children’s physical safety, not injecting the federal government into their physical and mental health care. But through a secretive process, the bipartisan gun control negotiations produced a flawed bill that opens the door to federal funds being used to set up school-based health centers to become abortion providers, incentivizes public schools to insert themselves into the direct provision of health care to children (with or without their parents’ involvement), and contains vague language regarding mental health intervention and assessments that does not sufficiently guard against possible harms to children.
- (Passed 6/24/2022, 234 yeas to 193 nays, Roll Call No. 299)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll299.xml>
11. ***Escobar Amendment to the National Defense Authorization Act***  
Sponsored by Rep. Veronica Escobar (D-CA), this amendment to the *National Defense Authorization Act* (H.R. 7900) would mandate expedited consideration of harassment or prohibited discrimination complaints and unfairly elevates “sexual orientation” and “gender identity” to the status of protected classes, erroneously equating these subjective categories with immutable characteristics such as sex, race, age, and national origin. “Sexual orientation” and “gender identity” should never be elevated in this manner; doing so is unnecessary, has numerous tangential harmful consequences, and is coercive. Moreover, inserting “gender identity” ideology into any area of law undermines protections for women because anyone self-identifying as a woman would be able to gain access to programs, services, and facilities designated for women.
- (Passed 7/13/2022, 219 yeas to 209 nays, Roll Call No. 314)**  
**FRC Action opposed this Amendment.**  
<https://clerk.house.gov/evs/2022/roll314.xml>
12. ***Sanchez Amendment to the National Defense Authorization Act***  
Sponsored by Rep. Linda Sanchez (D-CA), this amendment to the *National Defense Authorization Act* (H.R. 7900) would request that the U.S. Department of Defense produce a report on the spread of malign disinformation within the ranks and the ways in which the Department is currently working to mitigate its spread. Malign disinformation is defined extremely broadly to include information deemed “harmful to good order and discipline.” Thus, this language could be used to attack the free speech of service members.
- (Failed 7/13/2022, 207 yeas to 219 nays, Roll Call No. 324)**  
**FRC Action opposed this Amendment.**  
<https://clerk.house.gov/evs/2022/roll324.xml>

13. ***Women's Health Protection Act***  
Sponsored by Rep. Judy Chu (D-CA), the so-called *Women's Health Protection Act* (H.R. 8296) would mandate abortion-on-demand nationwide while simultaneously striking down commonsense pro-life laws across the United States. This is the most radical abortion bill on which the U.S. Congress has ever voted.  
  
**(Passed 7/15/2022, 219 yeas to 210 nays, Roll Call No. 360)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll360.xml>
14. ***Ensuring Women's Right to Reproductive Freedom Act***  
Sponsored by Rep. Lizzie Fletcher (D-TX), the *Ensuring Women's Right to Reproductive Freedom Act* (H.R. 8297) is presented as a bill protecting a woman's right to freely travel out of state to seek healthcare services. In reality, this bill attempts to usurp states' ability to protect unborn children and their mothers. It is unclear how far this language could be used to provide cover for rogue actors seeking to harm women and children by aiding them in getting unsafe abortions across state lines.  
  
**(Passed 7/15/2022, 223 yeas to 205 nays, Roll Call No. 362)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll362.xml>
15. ***Respect for Marriage Act***  
Sponsored by Rep. Jerrold Nadler (D-NY), the so-called *Respect for Marriage Act* (H.R. 8404) would repeal the *Defense of Marriage Act*, which was enacted in 1996 to uphold and protect natural marriage. The *Respect for Marriage Act* would also codify same-sex marriage into federal law, make faith-based entities (like adoption and foster care agencies) an even greater target for frivolous litigation, threaten the tax-exempt status of entities that believe in or operate on the basis of natural marriage, and legislatively cement policy harmful to children.  
  
**(Passed 7/19/2022, 267 yeas to 157 nays, Roll Call No. 373)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll373.xml>
16. ***Appropriations Bill Repealing Longstanding Pro-Life Policies***  
Sponsored by Rep. David Price (D-NC), the *Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2023* (H.R. 8294) is a six-bill spending package that would repeal several longstanding policy riders, including the Dornan Amendment, which prohibits taxpayer funding for abortions in the District of Columbia.  
  
**(Passed 7/20/2022, 220 yeas to 207 nays, Roll Call No. 383)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll383.xml>
17. ***Right to Contraception Act***  
Sponsored by Rep. Kathy Manning (D-NC), the *Right to Contraception Act* (H.R. 8373) is presented as simply guaranteeing women's access to contraception. But the bill's vague language could be used to overturn commonsense conscience laws and guarantee a right to chemical abortion pills.  
  
**(Passed 7/21/2022, 228 yeas to 195 nays, Roll Call No. 385)**  
**FRC Action opposed this Bill.**  
<https://clerk.house.gov/evs/2022/roll385.xml>

18. ***Inflation Reduction Act***

Sponsored by Rep. John Yarmuth (D-KY), the so-called *Inflation Reduction Act* (Schumer Amendment #5194 to H.R. 5376) is a nearly \$800 billion partisan spending package that would increase taxes on middle-class Americans in order to increase taxpayer funding of healthcare plans that pay for abortion. This bill also includes \$80 billion to increase IRS enforcement despite the IRS having a past record of weaponizing audits, the nonprofit review process, and other enforcement mechanisms in order to discriminate against conservative and faith-based groups.

**(Passed 8/12/2022, 220 yeas to 207 nays, Roll Call No. 420)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll420.xml>

19. ***Mental Health Matters Act***

Sponsored by Rep. Mark DeSaulnier (D-CA), the *Mental Health Matters Act* (H.R. 7780) provides grants to increase the number of school-based mental health services providers. Mental health is critically important, and FRC supports efforts to increase the availability of quality mental health services to struggling youth. However, this bill has significant flaws. Namely, it would use the mental health sector to further widen the pipeline of children who are being indoctrinated with radical “gender identity” ideology in schools. This will lead to more children being steered by school personnel toward “gender transition,” all too often without parental notification or involvement.

**(Passed on 9/29/2022, 220 yeas to 205 nays, Roll Call No. 459)**

**FRC Action opposed this Bill.**

<https://clerk.house.gov/evs/2022/roll459.xml>

20. ***Motion to Concur in Senate Amendment to Respect for Marriage Act***

Sponsored by Rep. Jerrold Nadler (D-NY), the so-called *Respect for Marriage Act* (H.R. 8404) would repeal the *Defense of Marriage Act*, which was enacted in 1996 to uphold and protect natural marriage. The *Respect for Marriage Act* would also codify same-sex marriage into federal law, make faith-based entities (like adoption and foster care agencies) an even greater target for frivolous litigation, threaten the tax-exempt status of entities that believe in or operate on the basis of natural marriage, and legislatively cement policy harmful to children. This vote was on the Motion to Concur in the Senate amendment to the bill.

**(Passed on 12/8/2022, 258 yeas to 169 nays, Roll Call No. 513)**

**FRC Action opposed this Motion.**

<https://clerk.house.gov/evs/2022/roll513.xml>

21. ***Consolidated Appropriations Act, 2023***

Sponsored by Rep. Gerald E. Connolly (D-VA), the *Consolidated Appropriations Act, 2023* (H.R. 2617) is rife with harmful language that could be used to undermine life and family. The bill leaves the door open for funds to be exploited by the abortion industry through the *PREVENT Pandemics Act* (S. 3799) and directs the U.S. Department of Veterans Affairs to upgrade its medical facilities to increase its capacity to provide abortions to female veterans. In addition, it would force employers to provide abortion accommodations to their employees through the *Pregnant Workers Fairness Act*. The bill contains nearly 12 million dollars in earmarks that perpetuate radical, far-Left ideology on human sexuality at home and abroad and would advance an unnecessary, harmful, and radical transgender agenda at the expense of biological females.

**(Passed on 12/23/2022, 225 yeas to 201 nays, Roll Call No. 549)**

**FRC Action opposed this Bill.**

# 117th Congress 2nd Session Scorecard Summaries

## SENATE

### 1. **Confirmation of Robert Califf as Commissioner of the Food and Drug Administration**

Robert Califf was presiding over the U.S. Food and Drug Administration (FDA) in 2016 when President Barack Obama rushed through several modifications that weakened existing safety precautions for prescribing chemical abortion pills. In December 2021, the FDA weakened these protocols yet again, this time to allow chemical abortion pills to be sent through the mail. Califf's past experience prioritizing the interests of the abortion industry over the health and safety of women makes him unsuitable for this role. This vote was on final confirmation, which required 51 votes.

**(Confirmed 2/15/2022, 50 yeas to 46 nays, Roll Call No. 55)**

**FRC Action opposed this Confirmation.**

### 2. **Cloture on *Women's Health Protection Act***

Sponsored by Rep. Judy Chu (D-CA) and Sen. Richard Blumenthal (D-CT), the so-called *Women's Health Protection Act* (H.R. 3755) would mandate abortion-on-demand nationwide while simultaneously striking down commonsense pro-life laws across the United States. This is the most radical abortion bill on which the U.S. Congress has ever voted. This vote was on the Motion to Proceed to the underlying bill, which required 60 votes.

**(Failed 2/28/2022, 46 yeas to 48 nays, Roll Call No. 65)**

**FRC Action opposed this Bill.**

### 3. ***FY 2022 Consolidated Appropriations Act***

The *FY 2022 Consolidated Appropriations Act* (H.R. 2471) contained all 12 regular appropriations bills to fund the government for the remainder of the fiscal year. Although these appropriations bills maintained all existing pro-life and pro-family policy riders, the *FY 2022 Consolidated Appropriations Act* contained the full text of the *Violence Against Women Reauthorization Act*, which dilutes sex discrimination allegations by unfairly and dangerously elevating "sexual orientation" and "gender identity" to protected class status, erroneously equating these subjective categories with the immutable characteristic of sex. This vote was on the Motion to Concur in a House amendment, which required 60 votes to pass.

**(Passed 3/10/2022, 68 yeas to 31 nays, Roll Call No. 78)**

**FRC Action opposed this Bill.**

### 4. **Cloture on the Nomination of Ketanji Brown Jackson to the U.S. Supreme Court**

Judge Ketanji Brown Jackson's inability or unwillingness to define the word "woman" during her confirmation hearing indicates a willingness to enshrine "gender identity" ideology into law. The unwavering support she received from pro-abortion activists, her record on abortion laws, and her disingenuous hedge during her confirmation hearing regarding the true holding in *Roe v. Wade* indicate that she will likely be a pro-abortion justice who rules against protections for the unborn. Furthermore, she did not clearly articulate a judicial philosophy that would prevent her from being a judicial activist and hold her to the Constitution.

**(Cloture invoked on 4/7/2022, 53 yeas to 47 nays, Roll Call No. 133)**

**FRC Action opposed this Nomination.**

6. **Cloture on *Women's Health Protection Act***  
Sponsored by Sen. Richard Blumenthal (D-CT), the so-called *Women's Health Protection Act* (S. 4132) would mandate abortion-on-demand nationwide while simultaneously striking down commonsense pro-life laws across the United States. This is the most radical abortion bill on which the U.S. Congress has ever voted. This vote was on the Motion to Proceed to the underlying bill, which required 60 votes.

7. **Cloture on *Domestic Terrorism Prevention Act***  
Sponsored by Rep. Bradley Schneider (D-IL), the *Domestic Terrorism Prevention Act* (H.R. 350) would create domestic terrorism offices across the country to "analyze and monitor domestic terrorist activity and require the federal government to take steps to prevent domestic terrorism." While this intent appears laudable, the method is ripe for abuse, is unnecessary, and builds upon a flawed hate crimes framework. The federal government already has multiple offices and resources to target all forms of terrorism, and some of these existing offices have been recently abused. In one recent example, concerned parents who raised questions at school board meetings about what their children were being taught were investigated by the U.S. Department of Justice (DOJ) as possible domestic terrorists. This vote was on the Motion to Proceed to the underlying bill, which required 60 votes.

8. ***Bipartisan Safer Communities Act***  
The *Bipartisan Safer Communities Act* (S. 2938), putatively a response to school shootings and other violent acts, should be about protecting children's physical safety, not injecting the federal government into their physical and mental health care. But through a secretive process, the bipartisan gun control negotiations produced a flawed bill that opens the door to federal funds being used to set up school-based health centers to become abortion providers, incentivizes public schools to insert themselves into the direct provision of health care to children (with or without their parents' involvement), and contains vague language regarding mental health intervention and assessments that does not sufficiently guard against possible harms to children. This vote was on the Motion to Concur in a House amendment, which required 60 votes to pass.

9. **Amendment to Expand Abortion and Abortion Travel Funding in State Medicaid Plans**  
Offered by Sen. Raphael Warnock (D-GA), S. Amdt. 5262 to S. Amdt. 5194 to the *Inflation Reduction Act* (H.R. 5376) would provide Medicaid coverage for states that opted not to expand Medicaid, without any pro-life protections. This would create a mandate to include abortion coverage as well as coverage for women to travel across state lines to obtain abortions. This amendment needed 51 votes to pass.

10. **Motion to Prevent DOJ from Targeting Parents as Domestic Terrorists**  
Offered by Sen. Ted Cruz (R-TX), this Motion to Commit would have sent the *Inflation Reduction Act* (H.R. 5376) back to the Judiciary Committee with instructions to consider text that would ensure the U.S. Department of Justice does not use resources to inappropriately target parents or classify them as domestic terrorists. This Motion needed 51 votes to pass. Vice President Kamala Harris broke the tie by voting against the Motion.

11. **Motion to Define Pregnancy as Only Including Biological Females**  
Offered by Sen. Marco Rubio (R-FL), this Motion to Commit would have sent the *Inflation Reduction Act* (H.R. 5376) back to the Health, Education, Labor and Pension Committee with instructions to consider text that would define “pregnancy” in a way that limits maternal and infant-related programs to biological females. This Motion needed 51 votes to pass. Vice President Kamala Harris broke the tie by voting against the Motion.

12. ***Inflation Reduction Act***  
Sponsored by Rep. John Yarmuth (D-KY), the so-called *Inflation Reduction Act* (Schumer Amendment #5194 to H.R. 5376) is a nearly \$800 billion partisan spending package that would increase taxes on middle-class Americans in order to increase taxpayer funding of healthcare plans that pay for abortion. This bill also includes \$80 billion to increase IRS enforcement despite the IRS having a past record of weaponizing audits, the nonprofit review process, and other enforcement mechanisms in order to discriminate against conservative and faith-based groups. This vote was on a budget reconciliation measure, which required 51 votes to pass. Vice President Kamala Harris broke the tie in favor of the measure.

13. **Cloture on *Respect for Marriage Act***  
Sponsored by Rep. Jerrold Nadler (D-NY), the so-called *Respect for Marriage Act* (H.R. 8404) would repeal the *Defense of Marriage Act*, which was enacted in 1996 to uphold and protect natural marriage. The *Respect for Marriage Act* would also codify same-sex marriage into federal law, make faith-based entities (like adoption and foster care agencies) an even greater target for frivolous litigation, threaten the tax-exempt status of entities that believe in or operate on the basis of natural marriage, and legislatively cement policy harmful to children. This vote was on the Motion to Proceed to the underlying bill, which required 60 votes.

14. **Cloture on Baldwin Substitute Amendment to the *Respect for Marriage Act***  
Sponsored by Sen. Tammy Baldwin (D-WI), Amdt. 6487 to the *Respect for Marriage Act* (H.R. 8404) purported to fix the dangerous flaws in the bill regarding religious liberty. Unfortunately, it does not. The substitute amendment adds an empty statement acknowledging existing religious liberty and conscience rights protected in the U.S. Constitution or federal law (little comfort to those already being attacked for their faith despite access to these rights); restates existing narrow protections for pastors, rabbis, and imams but does nothing to protect those who have been targeted with lawsuits because of their faith; and adds a poorly crafted section claimed to protect religious entities' tax-exempt status but does not negate the legal threat created. This substitute amendment provides no meaningful, affirmative, or enforceable shield of protection to those people and entities already being attacked for their belief in natural marriage and does more harm than good. This vote was on the Motion to Proceed to the amendment, which required 60 votes.

15. **Final Passage of the *Respect for Marriage Act***  
Sponsored by Rep. Jerrold Nadler (D-NY), the so-called *Respect for Marriage Act* (H.R. 8404) would repeal the *Defense of Marriage Act*, which was enacted in 1996 to uphold and protect natural marriage. The *Respect for Marriage Act* would also codify same-sex marriage into federal law, make faith-based entities (like adoption and foster care agencies) an even greater target for frivolous litigation, threaten the tax-exempt status of entities that believe in or operate on the basis of natural marriage, and legislatively cement policy harmful to children. 16. **Lankford Amendment to the *Pregnant Workers Fairness Act***  
Offered by Sen. James Lankford (R-TX), S. Amdt. 6577 to S. Amdt. 6558 to S. Amdt. 6552 to H.R. 2617, the *Pregnant Workers Fairness Act*, would clarify that religious employers will not be forced to provide abortion accommodations to their employees. While no employer should ever be forced to participate in, provide, accommodate, or sanction abortion, the Lankford amendment would clarify the religious liberty rights of religious employers. This amendment needed 51 votes to pass.

17. ***Consolidated Appropriations Act, 2023***

Sponsored by Rep. Gerald E. Connolly (D-VA), the *Consolidated Appropriations Act, 2023* (H.R. 2617) is rife with harmful language that could be used to undermine life and family. The bill leaves the door open for funds to be exploited by the abortion industry through the *PREVENT Pandemics Act* (S. 3799) and directs the U.S. Department of Veterans Affairs to upgrade its medical facilities to increase its capacity to provide abortions to female veterans. In addition, it would force employers to provide abortion accommodations to their employees through the *Pregnant Workers Fairness Act*. The bill contains nearly 12 million dollars in earmarks that perpetuate radical, far-Left ideology on human sexuality at home and abroad. It would advance an unnecessary, harmful, and radical transgender agenda at the expense of biological females. This vote was on the Motion to Concur in a House amendment, which required 60 votes to pass.
